

The Ram Quarter

PHASE 3

JANUARY
2017

DEAR NEIGHBOUR

On behalf of Greenland Group we would like to introduce our new plans for Phase 3 of The Ram Quarter and update you on the latest works taking place on Phase 1.

THE RAM QUARTER PHASE 3

Located to the west of the River Wandle, The Ram Quarter Phase 3 includes the Grade II* listed Georgian terraced houses fronting Church Row and a number of low quality warehouse buildings along the river front. Greenland Group is working with award-winning architects Haworth Tompkins to create a high quality scheme that will preserve the historic terraced buildings, create a new residential building, deliver an exciting new public realm and generate activity along the River Wandle as well as create a link with the rest of The Ram Quarter development.

INVITATION TO A PUBLIC EXHIBITION

We would like to invite you to view the plans for The Ram Quarter Phase 3. Members of our development team will be on hand to explain the plans and answer any questions. All the information and a link to our online survey will be available to view at our website www.ram-brewery.co.uk.

The public exhibition will be taking place on:

Monday 16th January 2017
4pm - 8pm

Tuesday 17th January 2017

PHASE 1 CONSTRUCTION UPDATE

Our main contractor Ardmore is making good progress with construction works across Phase 1. The framework has reached the seventh and ninth floors on the buildings to the north of the site between Ram Street and the River Wandle. Restoration works are also progressing well in the listed buildings to the south of the site with all of the heritage items, such as the brewing equipment and copper vats being carefully preserved. Construction of the river wall is well underway and new planting for the Wandle River Walk will begin in this area by the end of January 2017.
